

## Arc LED 24V 12W CCT 2700K-6500K LED Module

**Product Code: ARC-MODCCT-12**

Its tunable colour temperature (CCT range 2700K–6500K) allows you to adjust the ambience from warm cosy white to bright daylight white giving flexibility for different moods or functional lighting needs.

### **Product Overview**

ArcLED 24V 12W CCT 2700K–6500K LED Module is a versatile, energy efficient lighting unit designed to deliver adjustable white light (from warm to cool) for residential, commercial, or architectural environments. Operating on a stable 24V DC input and drawing 12W, this module makes a reliable choice for installations where consistent performance and efficiency are important.

### **Technical Specifications**

Specification	Details
Product Code	ARC-MODCCT-12
Material	Die-Cast Aluminum
Finish	Black
IP Rating	IP20
Height	75 mm
Width	50 mm (Front) 61mm (back)
Color Temperature	2700K-6500K Tunable
Led Input voltage	240V,
Wattage	12W
Lamp Luminous Efficiency(lm/w)	85
Lamp Luminous Flux(lm)	960
Beam Angle	60D
Color	2700K-6500K Tunable
