PRODUCT OVERVIEW

The Arc LED 2m Overhang Shelf Profile is a purpose-designed aluminium LED mounting profile that creates clean, discreet LED illumination underneath shelves, cabinets, or other horizontal surfaces. It's part of Arc LED's specialist profile range tailored for interior lighting solutions

Made from anodised aluminium, the profile not only provides a sleek silver finish but also helps with heat dissipation — extending the life of the LED strip installed within. Aluminium profiles like this are reputed for improving both the functionality and appearance of LED lighting installations by providing durability, protection, and a professional finish.
