THE PROFILE GUIDE

Seamless lighting integration
for modern interiors

V1

///ArcLED

WHO WE ARE

Specialist suppliers of architectural and bespoke LED lighting solutions.

We work closely with designers, contractors and specifiers to deliver high-quality lighting systems tailored to each project.

From consultation and specification through to supply, we provide expert technical advice, precision-engineered products and reliable support at every stage.

Our focus is on performance, quality and long-term reliability ensuring every lighting solution meets the demands of the built environment.

WHAT WE DO

- LED Strips & Modules
- Aluminium Profiles & Extrusions
- Architectural LED Lighting Solutions
- Drivers, Dimmers & Controls
- Made-to-Measure LED Cutting
- Project Consultation & Specification Support
- Technical Advice & Aftercare

LINEAR TUBE

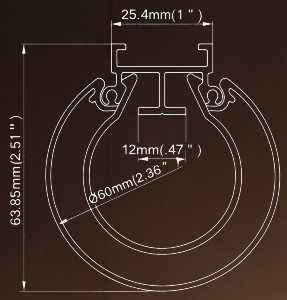

AntiGlare PROFILE

60mm Diameter Linear Tube with Water Ripple Antiglare Film

SKU: ARC-LTBWR

Illuminate spaces with elegance and comfort using this 60mm diameter linear LED tube, featuring a water ripple anti-glare film. Designed to diffuse light evenly, the rippled surface softens harsh LED beams, creating a visually soothing effect while maintaining brightness and clarity.

Length: 1.8m
Material: Aluminum
Internal Size: 12mm

ACCESSORIES

2000mm Suspension Kit for ARC-LTBWR (Black)
SKU: ARC-LTBWR-SUSPENSION

Surface Mount Clip
SKU: ARC-LTBWR-CLIP

Pair of End Caps Black
SKU: ARC-LTBWR-EC

AntiGlare PROFILE

Elevate your spaces with Antiglare Profile, the premium anti-glare LED profile range is designed to deliver smooth, diffused lighting while protecting your eyes from harsh LED glare. Crafted from high-quality aluminium, Antiglare profiles are perfect for seamless architectural installations, whether recessed, plaster-in or surface-mounted.
